Since its formation by **Timo Jones** in 1993, **TimeShareWare** has built a solid reputation by designing and marketing the best software available for the unique needs of the vacation ownership industry. It is through Timo's vision, dedication, and business leadership that TimeShareWare was established as the leader and fastest growing full-service technology and solutions provider in the shared ownership market.

Through the years, TimeShareWare has been, and continues to be, relentless in its drive to meet the needs of its clientele and to build the highest possible value into the brand for all users, regardless of size or location. In December of 2010, in order to propel TimeShareWare to the next level of service offerings, TimeShareWare was acquired by SS&C Technologies Holdings, Inc., a global provider of financial services software and software-enabled services.

SS&C Technologies Holdings, Inc., is a leader in the delivery of investment and financial management software and related services focused exclusively on the global financial services industry. Founded in 1986, SS&C has its headquarters in Windsor, CT, and offices around the world. Five thousand financial services organizations, from the world's largest to local financial services organizations, manage and account for their investments using SS&C's products and services. These clients in the aggregate manage over \$16 trillion in assets.

In his new role with SS&C Technologies Holdings, Inc., Jones acts as senior vice-president of SS&C Technologies, Inc. and general manager of both the TimeShareWare and SKYLINE Property Management Software Divisions.

Combining with SS&C Technologies supports to ensure changes in the timeshare industry are proactively addressed. TimeShareWare places a significant emphasis in the development of software that revolutionizes the industry, by researching, anticipating, and incorporating software application needs, not just for today, but well into the future. This acquisition promotes the evolution of TimeShareWare to the next level, by providing the opportunity to expand the scope of software solutions, making them available to a broader market.

TimeShareWare clients include industry leaders such as Marriott, Bluegreen, Orange Lake, Grupo Vidanta, Fiesta Americana, Royal Holiday, Solmar, Club La Costa, Sol Melia, Daily Management, Trading Places, Welk, Raintree, and many more.

TimeShareWare uses advanced technology to create a state-of-the-art software platform to provide best of breed, superior software solutions to shared ownership, mixed-use resorts. TimeShareWare's flagship platform technology is based on a three-tier service oriented architecture (SOA) to manage all the aspects of the resort industry including marketing, contract management, owner/member services, reservation management, loan servicing, and property management.

In keeping with its strategy to provide scalable software solutions to all markets, TimeShareWare services all sizes and types of vacation ownership associations, fractional ownership properties, and timeshare resorts including multi-site, singlesite, and points based clubs.
